GUIDELINES FOR COMPLETING PART TWO OF THE APPLICATION

All graphic materials must be submitted in an 8.5" x 11" format and must be suitable for clear and sharp, black and white reproduction. Each map or diagram should have a scale and a north arrow. Each sheet of graphic material must be labeled with the appropriate figure number. If there are multiple sheets comprising one figure - for example figure 4 - those sheets should be labeled consecutively, for example Figure 4-1, Figure 4-2, etc., and each sheet should contain the address of the site of the proposal in the lower left corner.

For Figure 1, the Applicant should consider the "vicinity of the site" to be at least as extensive as the area for which he is required to give notice plus any intervening streets or other public rights-of-way.

For Figures 3 and 4, the Applicant should consider that "recreation areas" and "recreation space and facilities" include game courts, swimming pools and pool areas, game rooms, exercise rooms, party rooms, community rooms, observation decks and sun decks.

The required narrative statement should describe the features of the proposed development, including size and mix of dwelling units, mix of uses on the site, etc. It should present a basic rationale for the development.

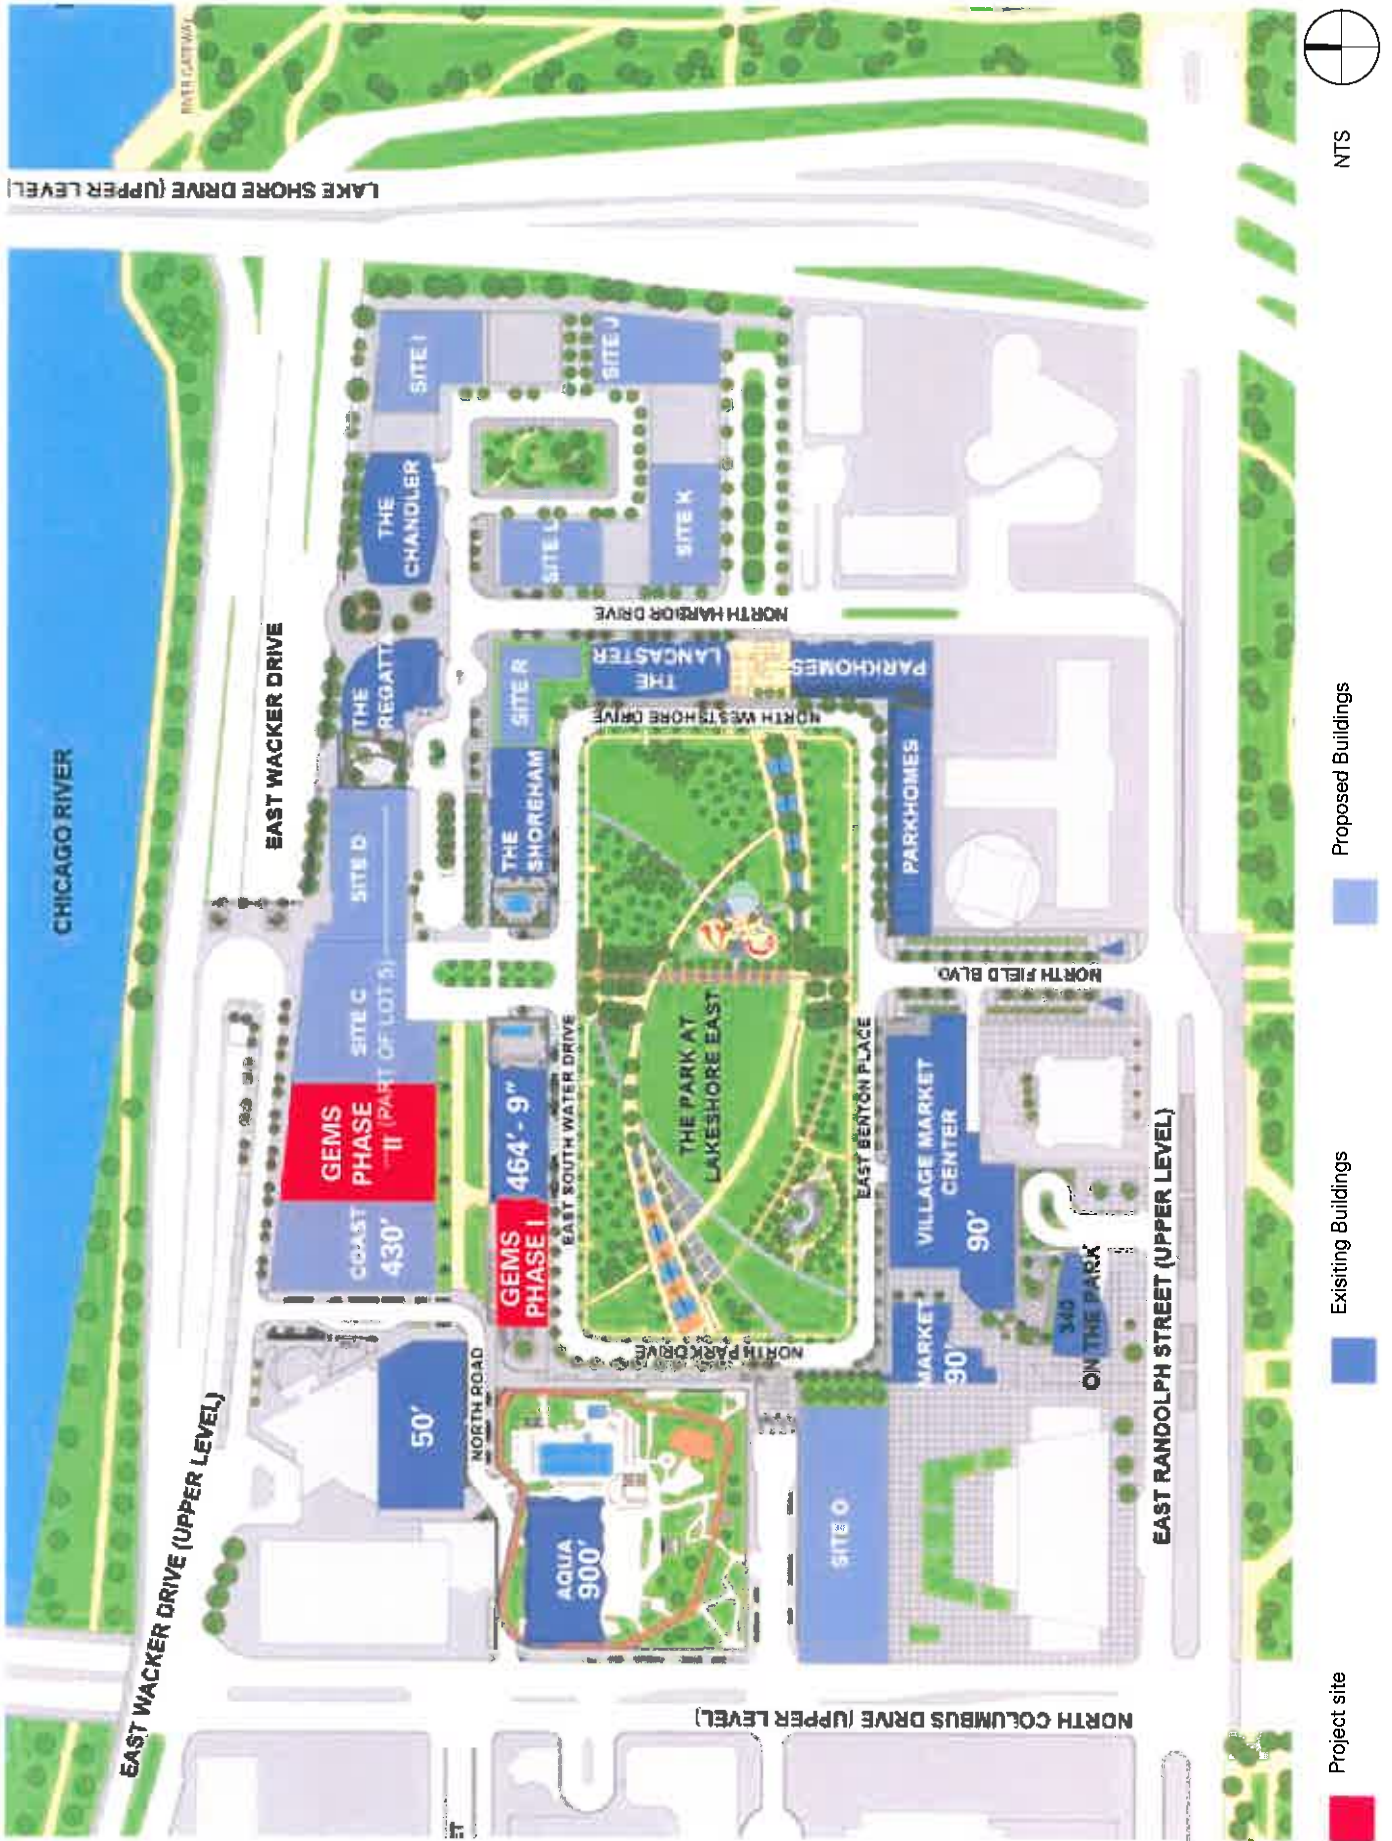

For Figure 6, the Applicant is urged to provide any materials at 8.5" x 11" which will facilitate the review of his Application.

PART TWO: CHARACTER OF THE PROPOSAL

This portion of the Application must be completed by attaching the following items, correctly sized and labeled, to the Application:

- I. Figure 1: A Map of the Vicinity of the Site, showing Lake Michigan, lakefront parks, preferential streets, schools, parks, major institutions. All streets on this map should be named, and the outline and height on all structures on properties immediately adjacent to the site of the proposal must be shown.
- II. Figure 2: A Map of the Existing Site, showing locations and dimensions of lot lines; contour intervals (5-foot) ; existing structures, walkways, driveways, special features.
- III. Figure 3: The Proposed Site Plan, showing locations and dimensions of proposed structures, driveways and walkways; proposed exterior parking areas; proposed exterior open space and recreation areas.
- IV. Figure 4: Proposed Floor Plans, including the ground floor, a typical floor, any floor with recreation space or facilities.
- V. Figure 5: An Elevation or Cross-section, showing the height and number of stories for all proposed structures.
- VI. Narrative: A Statement Describing the Proposed Development.

In addition, the Applicant is encouraged to provide additional graphic materials, visual aids; e.g., photographs, renderings, data tables, among others. Any such exhibits shall be labeled Figure 6.

The Chicago Plan Commission requires that the Applicant address the Fourteen Basic Policies of the Lakefront Plan of Chicago and the Thirteen Purposes of the Lake Michigan and Chicago Lakefront Protection Ordinance, as listed below, in a written statement to the Commission attached to this Application Form and labeled Part Four. The statement should indicate which policies or purposes are or are not applicable to the Applicant's proposal, and, for those policies and purposes which are applicable, the statements should discuss the potential impact of the proposal.

I. Fourteen Basic Policies

1. Complete the publicly owned and locally controlled park system along the entire Chicago lakefront.
2. Maintain and enhance the predominantly landscaped, spacious and continuous character of the lake shore parks.
3. Continue to improve the water quality and ecological balance of Lake Michigan.
4. Preserve the cultural, historical, and recreational heritage of the lakeshore parks.
5. Maintain and improve the formal character and open water vista of Grant Park with no new above-ground structures permitted.
6. Increase the diversity of recreational opportunities while emphasizing lake-oriented leisure time activities.
7. Protect and develop natural lakeshore park and water areas for wildlife habitation.
8. Increase personal safety.
9. Design all lake edge and lake construction to prevent detrimental shoreline erosion.
10. Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted East of Lake Shore Drive.
11. Improve access to the lakeshore parks and reduce through vehicular traffic on secondary park roads.
12. Strengthen the parkway characteristics of Lake Shore Drive and prohibit roadway of expressway standards.
13. Ensure that all port, water supply, and public facilities are designed to enhance lakefront character.
14. Coordinate all public and private development within the water, park, and community zones.

PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

II Thirteen Purposes

1. To promote and protect the health, safety, comfort, convenience, and the general welfare

of the people, and to conserve our natural resources;

2. To identify and establish the Lake Michigan and Chicago Lakefront Protection District and to divide that District into several zones wherein any and all development or construction, as specified in Article V hereinafter, shall be specifically restricted and regulated;
3. To maintain and improve the purity and quality of the waters of Lake Michigan;
4. To insure that construction in the Lake or modification of the existing shoreline shall not be permitted if such construction or modification would cause environmental or ecological damage to the Lake or would diminish water quality; and to insure that the life patterns of fish, migratory birds and other fauna are recognized and supported;
5. To insure that the Lakefront Parks and the Lake itself are devoted only to public purposes and to insure the integrity of and expand the quantity and quality of the Lakefront Parks;
6. To promote and provide for continuous pedestrian movement along the shoreline;
7. To promote and provide for pedestrian access to the Lake and Lakefront Parks from and through areas adjacent thereto at regular intervals of one-fourth mile and additional places wherever possible, and to protect and enhance vistas at these locations and wherever else possible;
8. To promote and provide for improved public transportation access to the Lakefront;
9. To insure that no roadway of expressway standards, as hereinafter defined, shall be permitted in the Lakefront Parks;
10. To insure that development of properties adjacent to the Lake or the Lakefront Parks is so defined as to implement the above-stated purposes, provided, however, that with respect to property located within the Private Use Zone as established by Article V, VI, and IX of this Ordinance, the permitted use, special use, lot area per dwelling unit, and floor area ratio provisions of the Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, shall govern except where such provisions are in substantial conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago;
11. To achieve the above-stated purposes, the appropriate public agency should acquire such properties or rights as may be necessary and desirable;
12. To define and limit the powers and duties of the administrative body and officers as provided herein;
13. Nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.

PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

I. **Fourteen Basic Policies**

1. **Complete the publicly owned and locally controlled park system along the entire Chicago lakefront.**

The proposal removes no publicly owned and locally controlled park areas from the lakefront. The proposal supports this policy by enhancing the pedestrian experience on the routes to the lakefront.

2. **Maintain and enhance the predominantly landscaped, spacious and continuous character of the lakeshore parks.**

Although the proposal is remote from the lakeshore parks, the proposal will provide pedestrian connections to the Lakefront parks and the Chicago River as part of the overall Lakeshore East Development.

3. **Continue to improve the water quality and ecological balance of Lake Michigan.**

Since the site is remote from the Lake itself, the proposal has no direct impact upon the water quality and ecological balance of Lake Michigan. All infrastructure and building development will conform to all applicable regulations concerning water purity and quality.

4. **Preserve the cultural, historical and recreational heritage of the lakeshore parks.**

This heritage will be respected under the proposal.

5. **Maintain and improve the formal character and open water vista of Grant Park with no new above ground structures permitted.**

The proposal is remote from and does not affect the formal character or the open water vista of Grant Park.
